

# Wood End Park Academy

Friday 1<sup>st</sup> December 2017

Group 2 - KS2

	Present	Years 4 to 6 members
	Agenda Item	Discussion Points and Actions
1.	Session with Howard Biswell	<p>H.B examined growth of herbs grown over the past 8 weeks and chose a winning group.</p> <p>H.B asked children to decide on which herbs they were growing in their pots by matching them to pictures on the sheet. Chn were able to identify the herbs they have been growing correctly.</p> <p>Chn decided on which vegetables they will grow in the garden. Each raised bed has been assigned to a group, each group will grow 3 vegetables and be responsible for the growth of vegetables from March 2018.</p> <p>Chn then decided from a list of vegetables which ones are grown above the ground and which ones are grown underground. Chn showed a good understanding.</p> <p>Chn then researched which vegetables grow the best in a shaded area. Chn wrote down a list which will be given to Ed for the parent council's garden project.</p>
2.	Feedback from H.B about parent council project:	<p>H.B explained to me that the area that the parent council will be planting new vegetables in is very shaded and not the best area to grow vegetables in.</p> <p>Chn have chosen vegetables that will be suited for this shaded area.</p>
3.	AOB:	<p>H.B has provided me with a seasons for growth calendar to help track when to plant vegetables and when to harvest.</p> <p>H.B will be in touch again for updates on more trips and sessions.</p>
