| | Present | <p>Miss Evans, D.Harvey, A, L, T, Am, Z, S, K and N.</p> <p>Non Green Team Member: Apologies: Ms Dutt, H, M, R, Y and Ki. Minutes taken by: Miss Evans</p> |
| | Agenda Item | Discussion Points and Actions |
| 1. | Phonosopes | <p>Deborah Harvey brought in moths, stag beetles and chafer beetles for the children to study. Children shared the insects with Year 4 and 5 classes and explained the different types.</p> <p>Children then worked in partners to use iPads to take magnified pictures using the phonoscope attached; this attachment allowed the children to see different objects in microscopic detail e.g. skin cells, plant cells that belonged to the grass and leaves etc.</p> <p>Children really enjoyed their experience and some have discovered a really interest in the study of insects. A lovely way to end the half term!</p> |
| 2. | AOB | |
| 3. | Next Meeting for Upper Key Stage Group | Friday 9 th June 2017 |
