

Wood End Park Student Leaders

Photo of student Leaders years 3, 4, 5 and 6.

Since September 2016 student leaders have increased in number due to the positive impact these leaders have been having on the children in the playground. These leaders have proven to be great role models both in and out of class.

The student leaders are situated in various areas of the playground so that children who require assistance can find them easily. I.D cards are worn by the leaders helping children recognise them with ease.

Their aim is to work closely with staff to make the Wood End Park the best school and to support during lunchtimes to make sure children are listened to, safe and happy. They have promised to fulfil their duty in being student leader by being the best role model and making sure the children have a positive experience every day.

Main Student leader duties:

- Making sure children are safe and happy in the playground.
- Making sure children line up on time and without a fuss.
- Promoting positive behaviour in and out of class.

During our meetings children have come with ideas of how to better their role. This includes doing an assembly at the end of the half term giving out certificates to children who they feel have shown positive behaviour. The student leaders will also be given stickers to hand out during playtime so that children's actions are recognised.

Well done to the student leaders for working exceptionally hard and promoting positive behaviour since September.
