# Helpers Pack

## Intervention Planning – 10 minutes per child

**Go through phase 2 sounds – showing sound and picture e.g s, snake, a , apple – the ones children know**

**Teach one target sound using the mnemonic picture flashcards (saying the sound and then the picture) teaching an action to go with the picture (see list of actions by EK and RB).**

**Hide the sound in the pack and re go over the sounds see if they can remember the sound**

**Rainbow writing of the focus sound over the teacher's model (saying the sound at the same time).**

**Brief practice of oral blending/blending with known sounds see lists**
