Your Opinion Counts!

The School is a great learning experience for my children.

More parent meetings as it helps to understand the strength and weaknesses of the child.

... enjoys her school and loves her teachers. I am very happy with her studies and interactions with her teachers.

If we can get people not to drop their kids outside of the school gates this would be good as it is not safe, especially in the mornings.

I believe that my child really enjoys school and gives me good feedback on it.

My child enjoys the school because he loves it; he loves his teachers, environment and anything about the school. The school keeps my child safe because it has got everything.

I'm happy with the progress my son is making. I am really grateful for the fantastic year 2 team; my son is happy and looks forward to each day.

Happy with school efforts. Credit to all for the great improvement.

I am happy how the teachers approach parents at parent meeting and discuss particular issues.

I can only say that my child enjoys coming to school. His teacher is helpful and I don't have any worries related to my child and his education.

They give all the information which parents need to improve their child's skills.

I am glad the teachers work hard for students to progress and do a lot of help.

Good initiative by the school to put my child into reading booster.

Overall I am very happy with the service at this level of school.

I strongly agree that the school keeps my child safe because he has been in difficult situations where he was a bit upset but he was kept safe.
