

Minutes of House captains

10th November

■

Present

Miss Grice, J, Se, C, M.

■ **Apologies**

S, O, S (2 on trip)

■ **Collecting house points**

-

House captains mentioned that some classes are not giving out house points (2 classes in year 2, 1 class in year 5). Miss Grice will send out an e mail to remind these teachers of the importance of house points.

-

Some classes are not using a sheet to record housepoints, so captains are having to individually count HPs, which is taking too long. Miss Grice will get sheets to these teachers to make the job easier for house captains.

■ **Parents Day**

Miss Grice asked if some children would be happy to talk to parents on the morning of parents evening in the corridors, to raise our profile of house points and how we encourage positive behaviour in the school. (between 910am) All house captains were happy to. Miss Grice will speak to Ms Johra about the possibility of this happening.

Raising the profile of house points:

In order to raise the profile of housepoints, Mubarek suggested that Ms Johra could have special gold, silver and bronze house points, worth 15, 10 and 5, which she could give out when children go to see her for extra special work. These would only be given out in special circumstances (like her Principal stickers).

■ **Actions**

1. Miss Grice to email Ms Johra about parents evening.
2. Miss Grice to send reminder email to teachers about giving out housepoints
3. Miss Stroud to meet briefly during soft start about ideas for house point prizes and incentives.
