

Pupil Voice

To learn, To respect, To achieve

Minutes of the KS1 meeting 9th June

- **Present:** KS1 School
Councillors Miss Wolf, Mrs Treend, Mrs Littlechild Mrs Collman
- **Apologies: none**
- **Planting activity**

Mrs Littlechild and Mrs Collman explained to the children that during the half term they went to the Rural Activities Centre bought a range of bedding plants for display.

With the help of councillors from year 5 and 6 the KS1 councillors planted their troughs carefully, watered them and displayed them near to their classrooms.

All children worked together very well using good communication and teamwork. It is worth pointing out that the older children were particularly supportive, encouraging and showed good modelling to KS1. R (year 6) and T (year 5) deserve a special mention for allowing their younger partners take ownership of the task with their guidance.

It was explained to the children that it was their responsibility to water the plants regularly-especially after the weekend.

Thank you to Mrs Treend and Miss Wolfe for their support.
