Dear Wood End Park Academy

I'm writing on behalf of the Society for Mucopolysaccharides Diseases, on receiving all the monies collected totalling in £132.50 raised from your charity collection, we would like to send a massive thank you for this gesture and receiving this amount.

The donations we receive are vital in enabling us to continue supporting children, adults and their families affected by MPS, Fabry and related diseases throughout the UK, and continuing to fund research into treatments in the future.

Thank you for your letter, we are grateful that you have sent this to our charity.

Warm regards,
Sophie Dowsett
Fundraising & Information Officer
