

# What The Pupils at WEPA Thought About Science Day!

*"Yes, we made a rainbow colour."*

*"Yes! About testing things fairly. You can't get consistent results or have information people will believe unless it is scientific."*

*"Yes! Using food so I can remember it when I have food again."*

*"Yes! Exploding volcanoes, tornadoes, natural disasters and why they happen. Tsunamis, earthquakes and floods."*

*"Are you enjoying Science Day? What have you learnt?"*

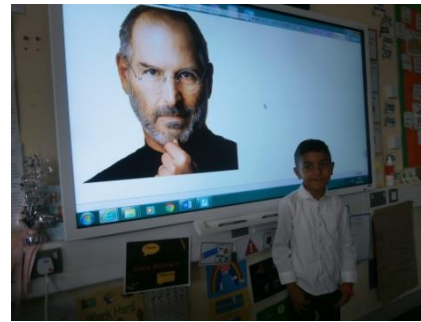

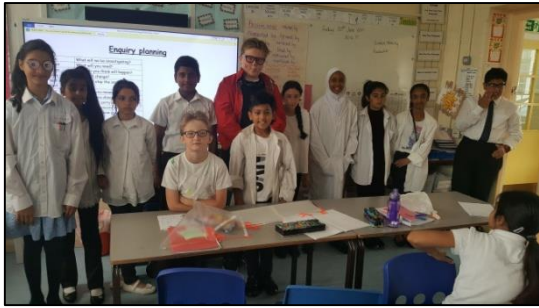

*"Yes! Making aeroplanes and things that can fly through the air. We need to make them not heavy and a good shape."*

*"Yes! Being creative and making parachutes with different materials and predicting what will happen."*

# Pupils at WEPA: Science Day!

**“Look at what some of the WEPA pupils got up to on Science Day!”**
